

15th APCNDT 2017 SINGAPORE

November 13 - 17, 2017

CALL FOR PAPER starts on 1 January 2016

The 15th Asia Pacific Conference on Non Destructive Testing (APCNDT) is considered the major regional event for the Asia Pacific Federation for Non-Destructive Testing, APFNDT and its member societies. The conference includes a technical and scientific program and workshops, which presents the latest developments in the field of research and development as well as the applications of NDT in all major industrial areas. The exhibition organised in conjunction with the conference emphasises the close link between research and development and the equipment and instruments used in the industry.

APCNDT started in 1976 with the first conference being held in Japan. Over the last 4 decades, APCNDT has made considerable progress and has provided the international forum for highlighting the accomplishments in the field of non-destructive testing.

15th APCNDT in 2017 will be expecting over 1000 international renowned speakers, specialists and participants from Members of ASPRI, ASME, ICNDT Members, APFNDT Members, Universities, Oil Majors, AAIS (Aerospace association)

Abstracts will be invited in the field of Non Destructive Testing & Evaluation related to:

- Research & Development
- Industrial Application
- Systems Innovation and Case Studies

Specific sessions on NDT in various industries are:

- Power
- Oil & Gas
- Heavy Engineering
- Metals
- Aviation
- Automobiles & Railways
- Nuclear
- Space, etc
